EXPENDITURES

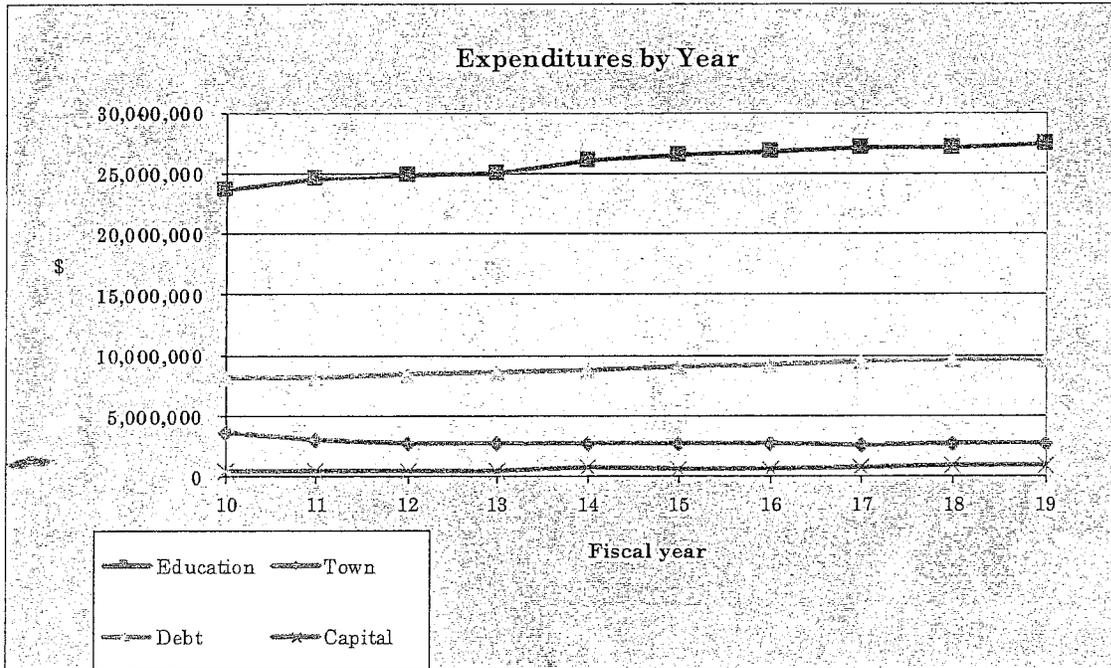

The expenditure part of the budget is broken down into the categories of General Government, Board of Education, Debt Service, and Capital Expenditures which includes the Reserve for Capital & Nonrecurring Expenditures (CNREF). The requested expenditures for the FY year 18/19 total \$40,812,486, an increase of \$498,511, or 1.24% over the adopted FY 17/18 budget.

Budget Area	Adopted Budget FY 17/18	Request Budget FY 18/19	\$\$ Inc/Dec	% Change

The following chart shows a breakout of the various budget areas by percentage which, when combined, create the annual budget.

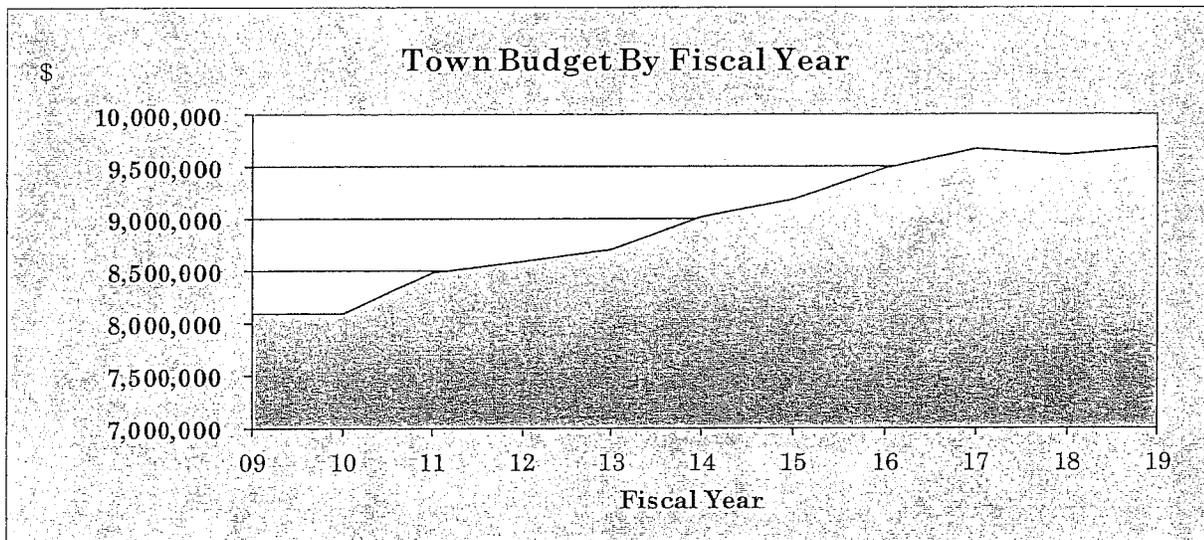

The next illustration shows historical trends for the same categories.

General Government

The Town operating budget recommended for FY 18/19 is \$9,683,156, which represents a \$80,738 or a 0.84% increase compared to the current adopted budget. The Town budget makes up 23.8% of the total operating budget. Town Manager requests of Town agencies totaled \$9,684,650 and was increased \$8,506 by the Town Council. Without the Council's changes, the increase over the budget would have been a 0.75% increase.

The following table presents a summary of the operating budget by function.

	<u>FY17/18</u>	<u>FY18/19</u>	<u>Inc/(Dec)</u>	<u>%</u>

Within each function the Town operating budget is composed of five major expenditure objects: Personnel Services, Contractual Services, Supplies, Capital Expenditures and Utilities. A table comparing FY 17/18 and FY18/19 is provided below. A detailed analysis of the five expenditure objects follows.

	<u>FY17/18</u>	<u>FY18/19</u>	<u>%</u>	<u>\$ Change</u>	<u>% Change</u>

Personnel Services

The recommended expenditures for personnel services have increased by \$119,331 or 1.7%. Personnel services include wages, overtime, pension, health insurance, and Social Security. No new full time or part time positions are requested. All four labor unions have approved contracts. Nonunion employees are receiving comparable wage increases and increased medical premium sharing. Due to plan design changes, premium sharing increases and claims management, health insurance rates are projected to have a zero increase. We added additional funds for overtime (\$6,000) for snow removal based on additional expected hours and wages.

Pension expenses have increased by \$8,650 as recommended by the actuary. We continue to contribute the amount based on the annual actuarial review. Our unfunded pension liability is solid and is 85.5% funded.

Contractual Services

Contractual services decreased by \$43,961 or minus 2.9%. A list of major changes in this category includes:

Building Maintenance/Equipment Repair	(\$5,110)
Software Licenses	\$2,300
Bank Reconciliation services	(\$2,000)
Workers' Comp/liability Insurance	(\$6,400)
Attorney Fees	(\$5,000)
Fire Fighting Training	\$7,000
Tax bill postage and printing of inforamory bill	(\$2,000)
Tree removal	\$10,000
Legal advertising	(\$7,650)

Supplies

The supply area of the budget decreased by \$4,196 or minus 0.5%. Most adjustments were minor and reflect current costs. Transfers to other operations are included in this section of the budget. Major changes include:

Office supplies	(\$3,425)
Gasoline and Diesel	(\$400)
Treated salt	\$15,000
Claims & Losses/contingency	(\$10,000)

Capital Expenditures

Capital Expenditures within the General Government budget decreased \$5,100.

Utilities

It is difficult to predict utility expenses due to the change of four buildings to natural gas and the impact of solar on electricity. Utilities have increased \$14,664. We re-bid electric rates and locked in a multi-year rate at 7.3 cents per kWh for power. We have changed all street lights to LED with a significant savings but are picking up new lighting costs for Main Street lighting. We also have budgeted new expenses for the Tracy-Shoddy Mill and a storage building we acquired from CTDOT on Babcock Hill Road.

Board of Education

The Coventry Public Schools prepares an independent budget utilizing the same process the Town agencies go through. The Superintendent of Schools gathers and prepares a budget, which is reviewed and modified as necessary by the Board of Education and then forwarded to the Town Council for review and modification. The Town Council, under Connecticut law, has the authority only to reduce the bottom line of the Board's budget, not specific programs. The Board of Education submitted a budget request of \$27,312,347, an increase of \$267,663 or .99%, above their adopted FY 18 budget. The Town Council reduced the Board of Education budget by \$30,000 due to teacher resignations that were identified subsequent to their budget request. This cut results in a Board of Education FY19 budget request of \$27,282,347, an increase of 0.88% from the prior year budget. Four capital projects totaling \$217,000 for Education are also included in the Capital Budget of which \$190,000 is proposed from General fund taxation. Please see the separate Board of Education budget for details.

Debt Service

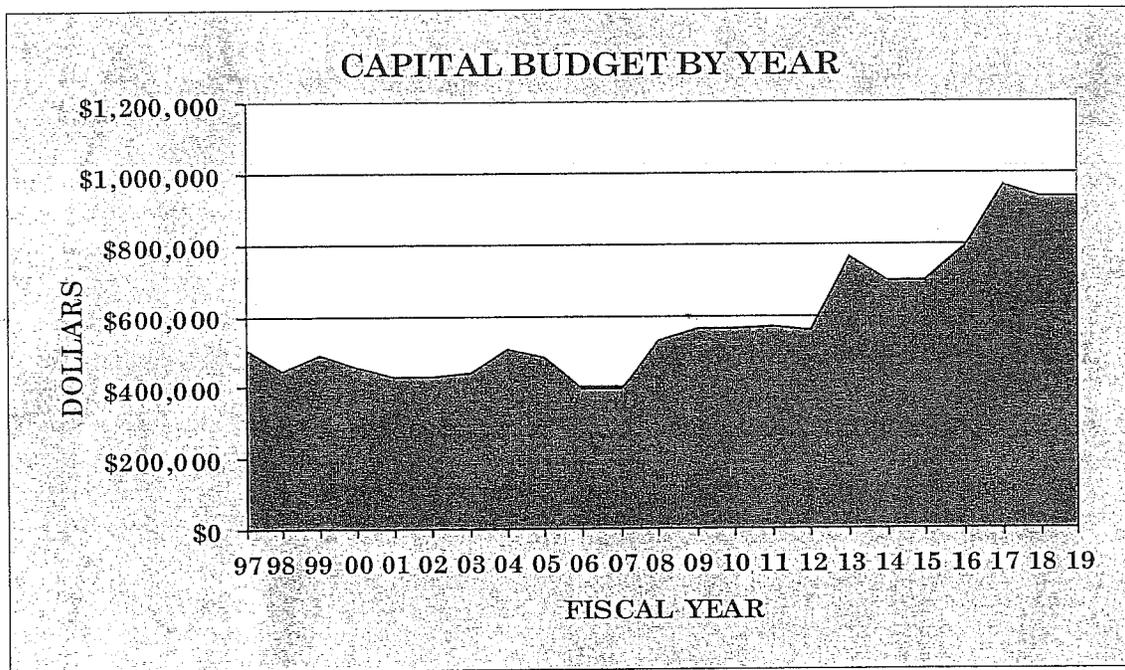

Debt Service as a percentage of the budget is 7.1% of the total budget which is well below the 10% threshold of concern. It is proposed to increase by \$180,910 or 6.64%. The good news is that the Town's long term bonded debt service peaked a couple of years ago and will now continue to decline or allow other needed projects to proceed without a major tax impact. Sewer debt continues to be mostly paid by sewer assessments, but the assessment fund is running out of money and is no longer able to fully pay annual debt service. This is reflected as a declining revenue to the general fund, not an increase in Debt service. The WPCA is not raising sewer use bills but is partially compensating for this shortfall caused in part by lower investments earnings. After several years of a shift the fund will stabilize and not require an increased subsidy. No new long term debt for unapproved projects has been included in the proposed budget. The Town will be considering a proposed addition and renovation to the Booth Dimock Library and also is considering several school, bridge and code projects but neither will impact this year's budget if either, or both, proceed. A Lease purchase is proposed for one large dump truck for 7 years with an annual payment of \$26,200. Two lease purchases were paid off freeing up \$31,255 so there is no increase due to lease purchasing. Lease purchases are detailed in the Capital section of the budget document. The entire debt schedule is included in the Debt portion of the budget.

Capital Expenditures

The Capital Expenditures Budget request for the general operating budget is \$932,000, a decrease of \$800. The largest items are recurring expenses for summer roads, Town and School computer resources, classroom furniture, replacement Police, Fire and Public works equipment and a contribution into the Open Space and Capital non-recurring expenditure funds. Over the years many projects were deleted or delayed in an effort to hold down the impact of the overall tax increase, creating a backlog of projects. Please refer to the Capital section of the budget for further details and information on other funding sources. It should be noted that the amount of funds required to sustain the current infrastructure is closer to \$1,000,000 per year. It is interesting to note that this budget requests funds for capital projects at the level of capital expenditures in 1995/96 which, if adjusted for inflation, would have been over \$1,000,000. We have made significant progress toward this goal.

Under the Local Capital Improvement Program (LoCIP), the State of Connecticut will reimburse the Town 100% of approved infrastructure improvements. Details of planned projects are contained in the Capital budget. Based upon auditor's advice, LoCIP has been established as a Special Revenue Fund. We receive approximately \$100,000 per year. These items are not part of the referendum and are voted on at the Town Meeting. \$100,000 is proposed for several projects this year.
