

Debt Service

9101 DEBT SERVICE

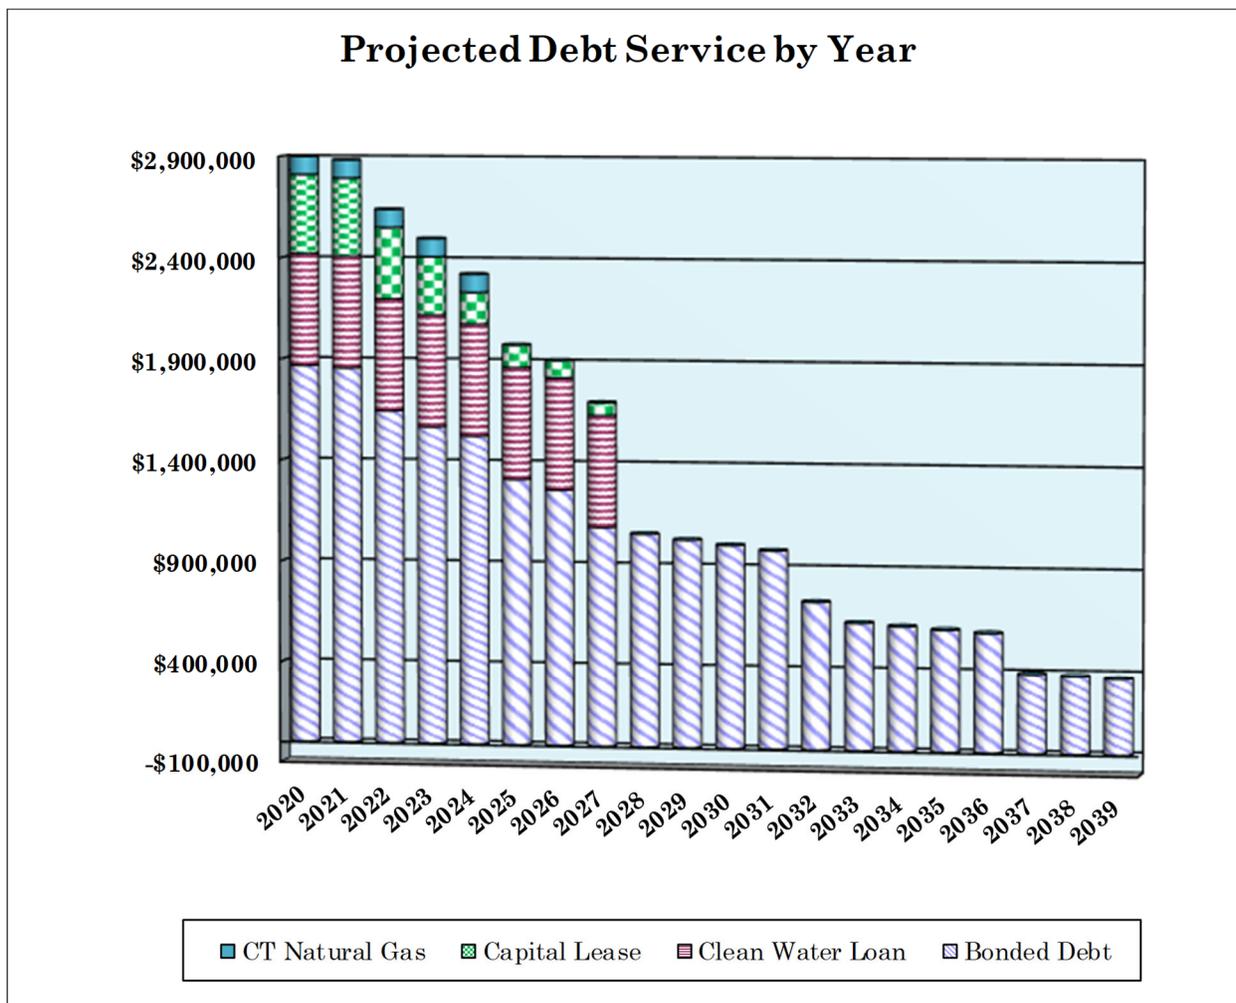

PROGRAM DESCRIPTION

This account shows the cost of principal and interest payments on all outstanding and anticipated long and short-term notes for Town and School purposes. It also includes the short term financing referred to as lease purchasing for capital equipment.

PROGRAM COMMENTARY

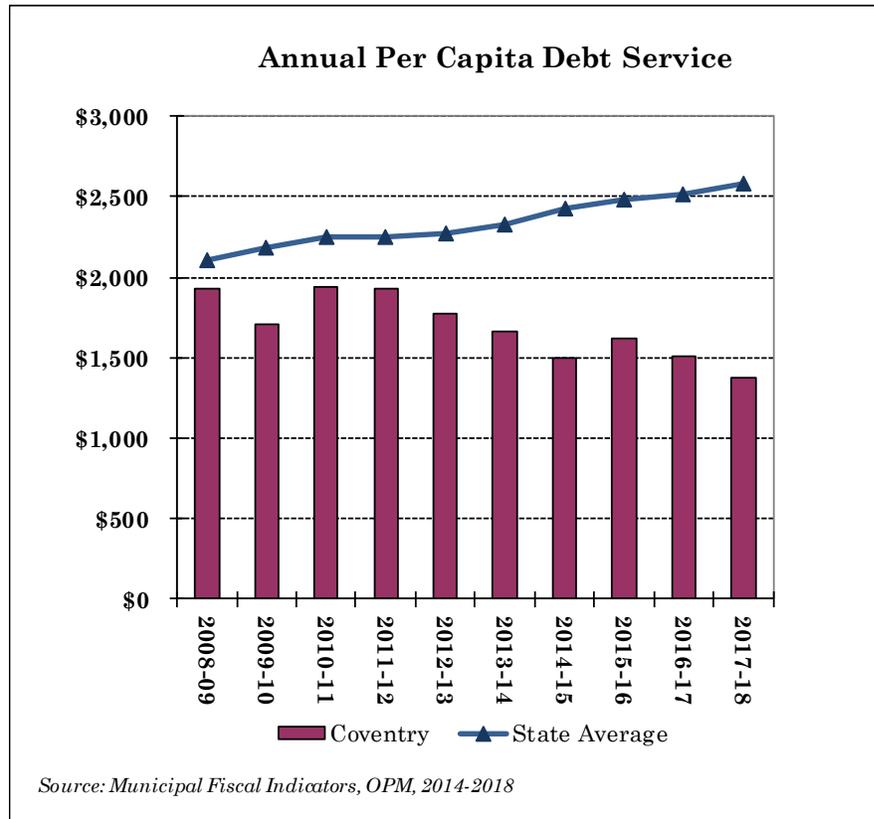

The Debt Service budget shows a decrease of \$87 for the upcoming fiscal year in comparison to the FY 2021 budget. Payments of debt are offset by revenues of \$278,993 from the Sewer Assessment fund and \$55,000 from the Sewer Operating fund.

Outstanding and new lease purchases are included in this budget category since the IRS views them as debt payments. The budget proposal includes the purchase of a small dump truck and fine cut mower (5-year lease for \$32,300 annually) and a fire engine tanker (10-year lease for \$55,500 annually). The budget also includes the issuance of general obligation bonds for school roof repair and library renovations, totaling \$2,280,000. These increases will be offset by one retired general obligation bond from the 2001 school project.

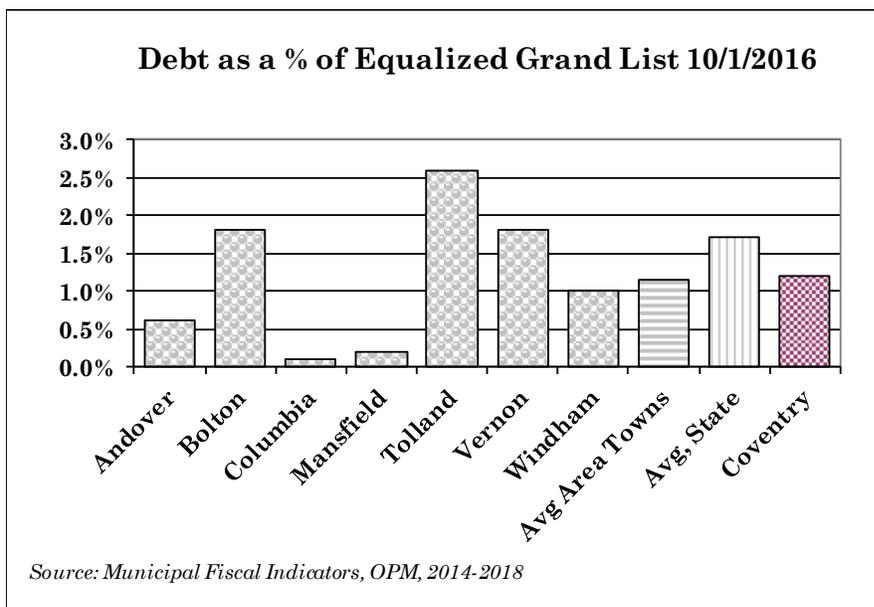

9101 DEBT SERVICE (Continued)

Debt service continues to reduce as the debt incurred to pay for school remodeling and expansion begins to decline. In fiscal year 2017-18 the town ranked 104 out of 169 municipalities when comparing annual debt per capita. Annual debt service per capita amounts are shown on the chart below.

The following chart shows the comparison of long-term debt as a percentage of Grand List for Coventry, area towns and the State average.
