## EXPENDITURES

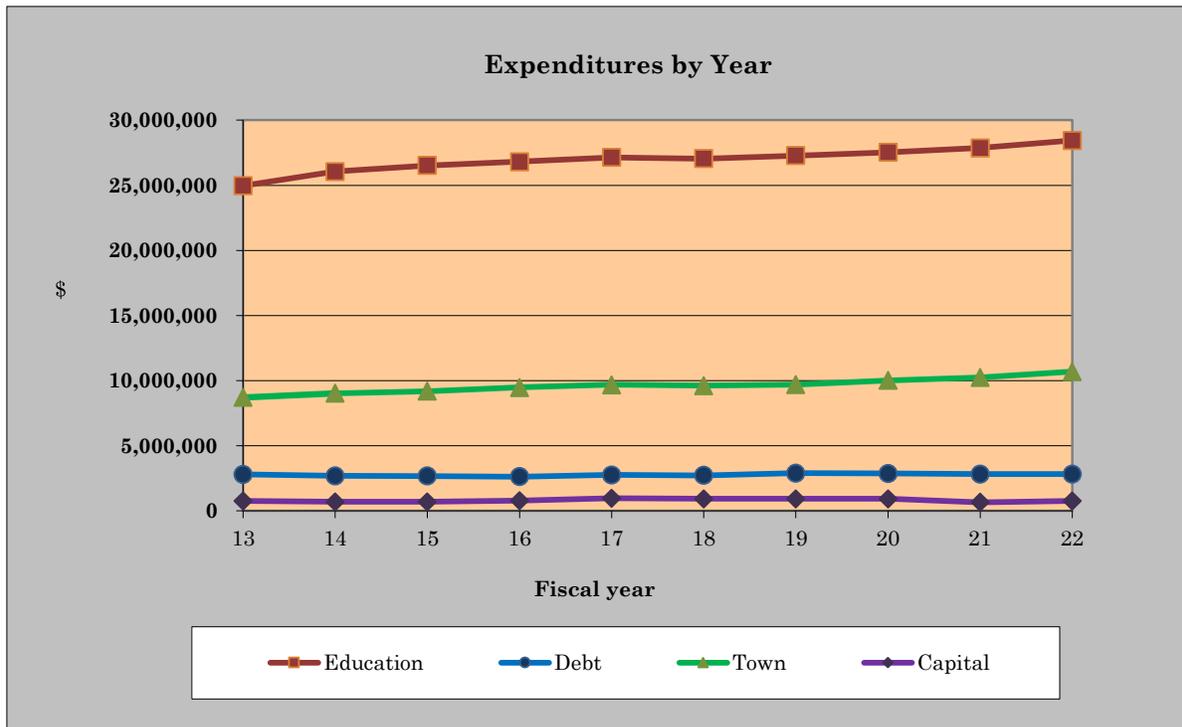

The expenditure part of the budget is broken down into the categories of General Government, Board of Education, Debt Service, and Capital Expenditures which includes the Reserve for Capital & Nonrecurring Expenditures (CNREF). The requested expenditures for the FY year 21/22 total \$42,746,944, an increase of \$1,138,919, or 2.74% over the adopted FY 20/21 budget.

<b>Budget Area</b>	<b>Adopted Budget FY20/21</b>	<b>Manager Requested Budget FY21/22</b>	<b>\$ Inc/Dec</b>	<b>% Change</b>

The following chart shows a breakout of the various budget areas by percentage which, when combined, create the annual budget.

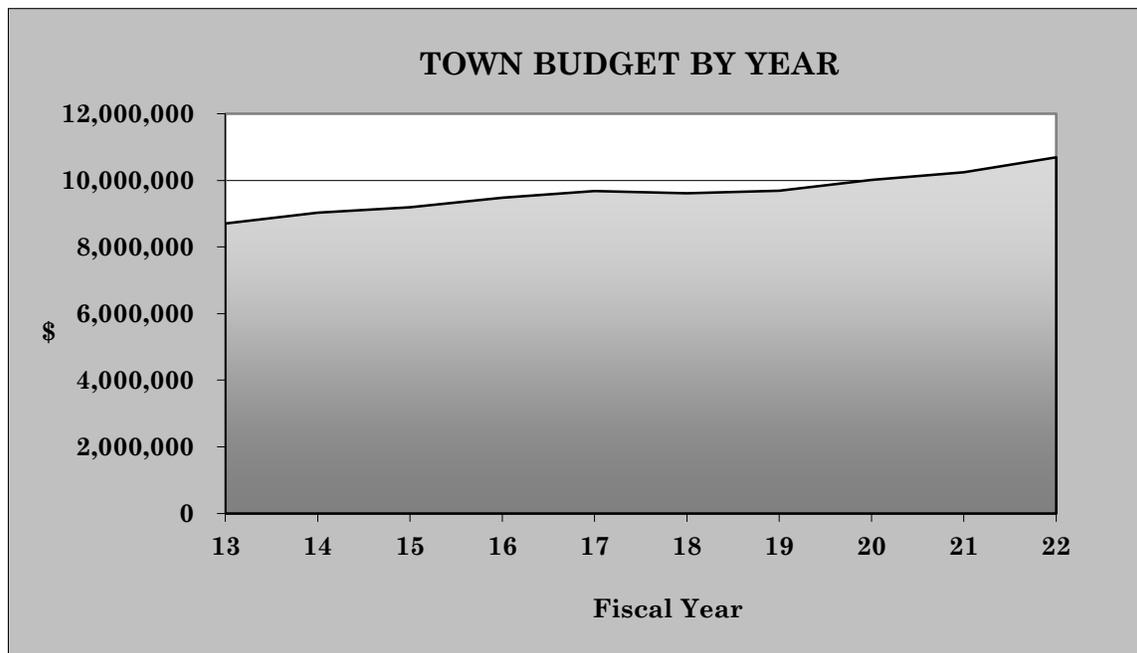

The next illustration shows historical trends for the same categories.

### General Government

The Town operating budget recommended for FY 21/22 is \$10,721,114, which represents a \$472,105 or a 4061% increase compared to the current adopted budget. The Town budget makes up 25.08% of the total operating budget.

The following table presents a summary of the operating budget by function.

	<b>FY20/21</b>	<b>FY21/22</b>	<b>Inc/(Dec)</b>	<b>%</b>
General Administration	\$ 1,763,075	\$ 1,833,420	\$ 70,345	3.99%

Total	<u>\$ 10,249,009</u>	<u>\$ 10,721,114</u>	<u>\$ 472,105</u>	<u>4.61%</u>

Within each function the Town operating budget is composed of five major expenditure objects: Personnel Services, Contractual Services, Supplies, Capital Expenditures and Utilities. A table comparing FY 20/21 and FY 21/22 is provided below. A detailed analysis of the five expenditure objects follows.

	<b>FY20/21</b>	<b>FY21/22</b>	<b>%</b>	<b>\$ Change</b>	<b>% Change</b>
Personnel	\$ 7,429,903	\$ 7,849,238	73.2%	\$ 419,335	5.64%

## Personnel Services

The recommended expenditures for personnel services have increased by \$419,335 or 5.29%. Personnel services include wages, overtime, pension, health insurance, and Social Security. All of the four labor unions have approved contracts. Nonunion employees are receiving comparable wage increases (2.25%) and increased medical premium sharing. After contracting Wetland inspection services for over a year, we are proposing to move from contracted services to in-house staff. This budget includes a part-time (30 hour a week) Wetlands agent to assist with those duties (\$45,000). This budget also adds back a police officer that had been cut in the prior year, as well as includes two mid-year promotions for Sergeant positions currently vacant (110,600). One promotion from Maintainer I to Maintainer II has been included for Public Works. The General Fund also has taken on 50% of our full-time recreation staff, who had previously been funded by the Recreation Fund (\$30,000).

Due to Medical inflation and claims our health insurance rates are projected to have a 10.0% increase (\$92,800) due to increased claim trends.

Pension expenses have increased by 5.8% to \$445,708 as recommended by the actuary. We continue to contribute the amount based on the annual actuarial review. Our unfunded pension liability is solid and was 76.1% funded as of July 1, 2019.

## Contractual Services

Contractual services decreased by \$12,334 or 0.76%. A list of major changes in this category includes:

Software Licenses	\$5,000
Tree removal	\$7,500
Wetlands service contracts	(\$40,000)
Sergeant Examination	\$5,700
Police tuition reimbursement	(\$8,200)
Workers' compensation & LAP insurance	(\$13,000)
Radio repairs	(\$6,650)

## Supplies

The supply area of the budget increased by \$52,679 or 5.94%. Most adjustments were minor and reflect current costs. Transfers to other operations are included in this section of the budget. Major changes include:

Truck & Equipment parts	\$11,000
Transfers to other funds	\$40,000

## Capital Expenditures

Capital Expenditures within the General Government budget have increased \$2,000 from the prior year budget due to minor equipment purchases.

## Utilities

It is difficult to predict utility expenses due to the change of four buildings to natural gas and the impact of solar on electricity. Utilities have increased \$10,425 or 3.79%. We are re-bidding electric rates and hope to lock in a competitive, multi-year rate. We have changed all street lights to LED with significant savings and hope to change floodlights and decorative street lights which have just been authorized by PURA.

## Board of Education

The Coventry Public Schools prepares an independent budget utilizing the same process the Town agencies go through. The Superintendent of Schools gathers and prepares a budget, which is reviewed and modified as necessary by the Board of Education and then forwarded to the Town Council for review and modification. The Town Council, under Connecticut law, has the authority only to reduce the bottom line of the Board's budget, not specific programs. The Board of Education submitted a budget request of \$28,430,819, an increase of \$564,271 or 2.02%, above their adopted FY 20/21 budget. Please see the separate Board of Education budget for details.

Three capital projects totaling \$135,000 for Education are also included in the Capital Budget of which \$100,000 is proposed from General fund taxation. Please see the separate Capital budget for details.

## Debt Service

Debt Service as a percentage of the budget is 6.62% of the total budget which is well below the 10% threshold of concern. It is proposed to decrease by \$87 or minus 0.00%. The good news is that the Town's long term bonded debt service peaked a couple of years ago and will now continue to decline or allow other needed projects to proceed without a major tax impact. Sewer debt continues to be mostly paid by sewer assessments, but the assessment fund is running out of money and is no longer able to fully pay annual debt service. This is reflected as a declining revenue to the general fund, not an increase in Debt service. The WPCA is not raising sewer use bills but is partially compensating for this shortfall caused in part by lower investments earnings.

Lease purchases are detailed in the Capital section of the budget document. Even with these proposals the debt budget will decline. The entire debt schedule is included in the Debt portion of the budget.

## Capital Expenditures

The Capital Expenditures Budget request for the general operating budget is \$766,630, an increase of \$102,630 or 15.46% from the prior year budget. The largest items are recurring expenses for summer roads, lake management, Town and School computer resources, replacement Police, Fire and Public works equipment, school AC and band room compressor replacement, and a contribution into the Open Space and Capital non-recurring expenditure funds. Over the years many projects were deleted or delayed in an effort to hold down the impact of the overall tax increase, creating a backlog of projects. Please refer to the Capital section of the budget for further details and information on other funding sources.

Under the Local Capital Improvement Program (LoCIP), the State of Connecticut will reimburse the Town 100% of approved infrastructure improvements. Details of planned projects are contained in the Capital budget. Based upon auditor's advice, LoCIP has been established as a Special Revenue Fund. We receive approximately \$100,000 per year. These items are not part of the referendum and are voted on at the Town Meeting. \$100,000 is proposed for several projects this year.
