

Debt Service

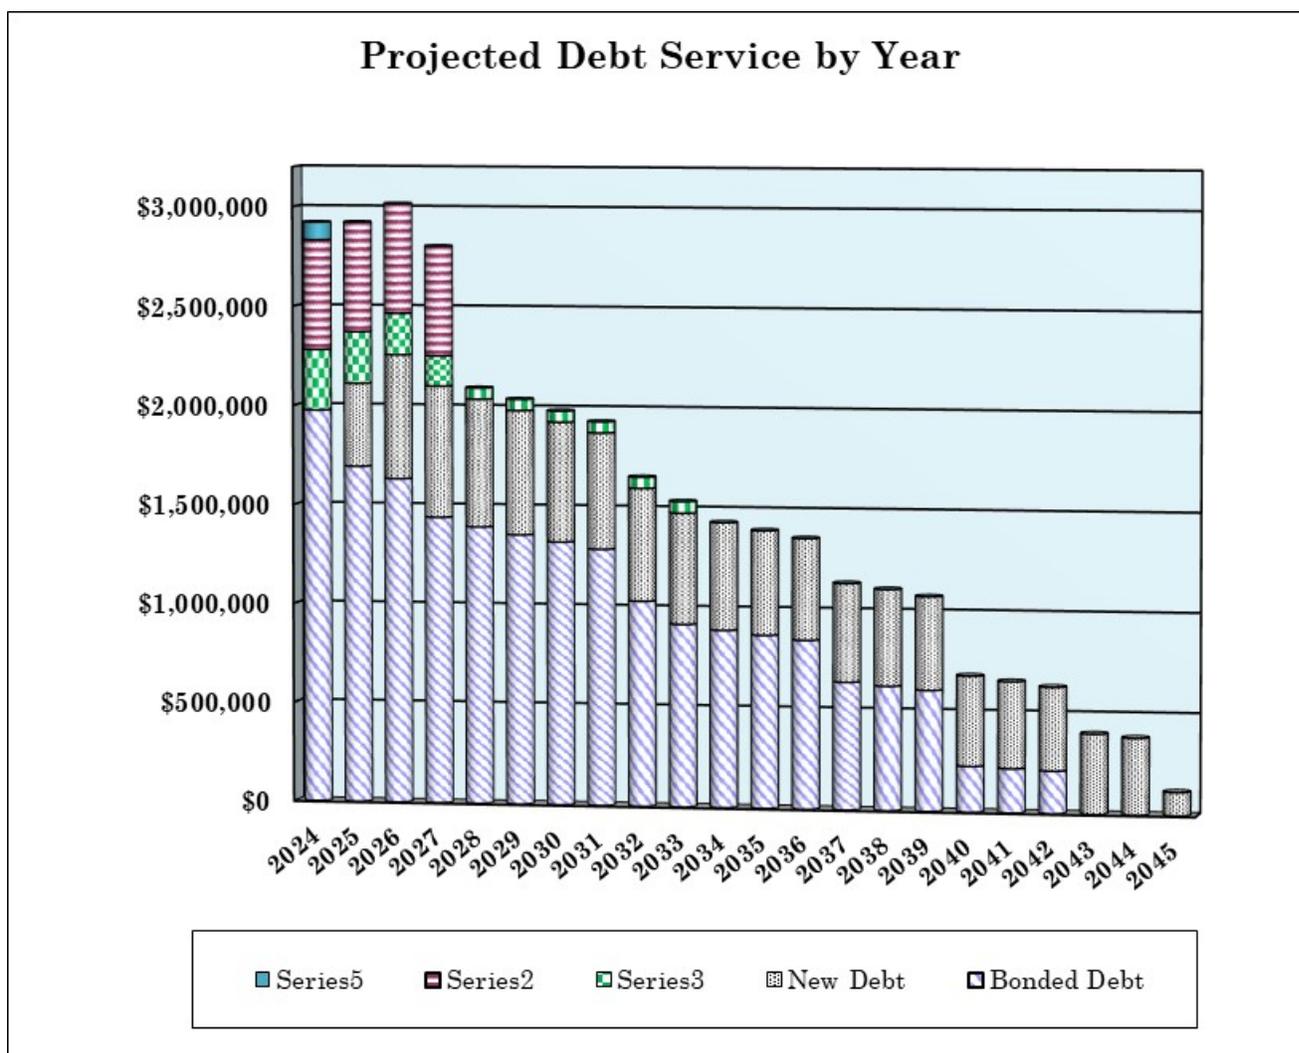

PROGRAM DESCRIPTION

This account shows the cost of principal and interest payments on all outstanding and anticipated long and short-term notes for Town and School purposes. It also includes the short term financing referred to as lease purchasing for capital equipment.

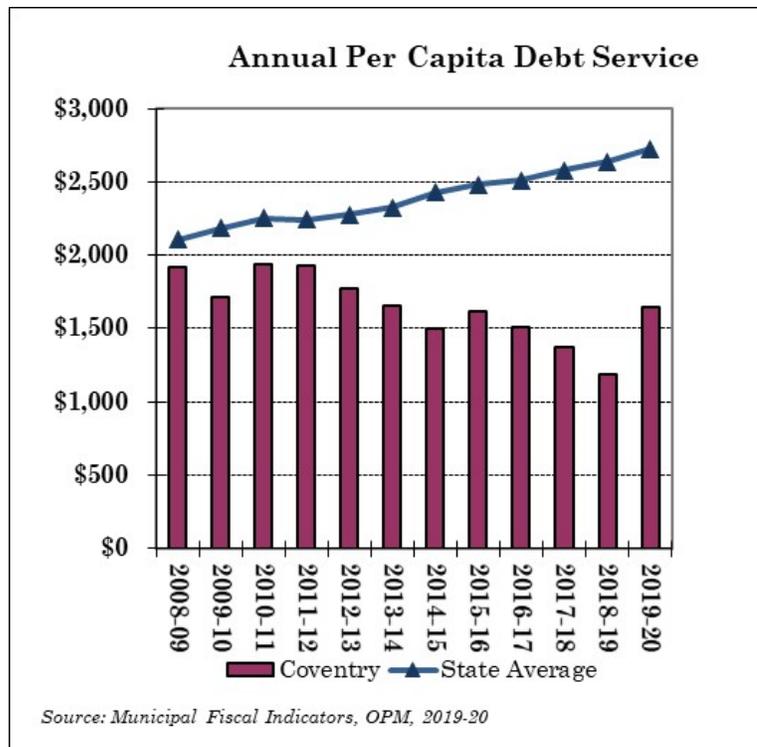

PROGRAM COMMENTARY

The Debt Service budget shows a decrease of \$33,312 for the upcoming fiscal year in comparison to the FY 2023 budget, due to the repayment of the FY17 capital lease, offset by no use of bond premium. Payments of debt are offset by revenues of \$355,000 from the Sewer Assessment fund.

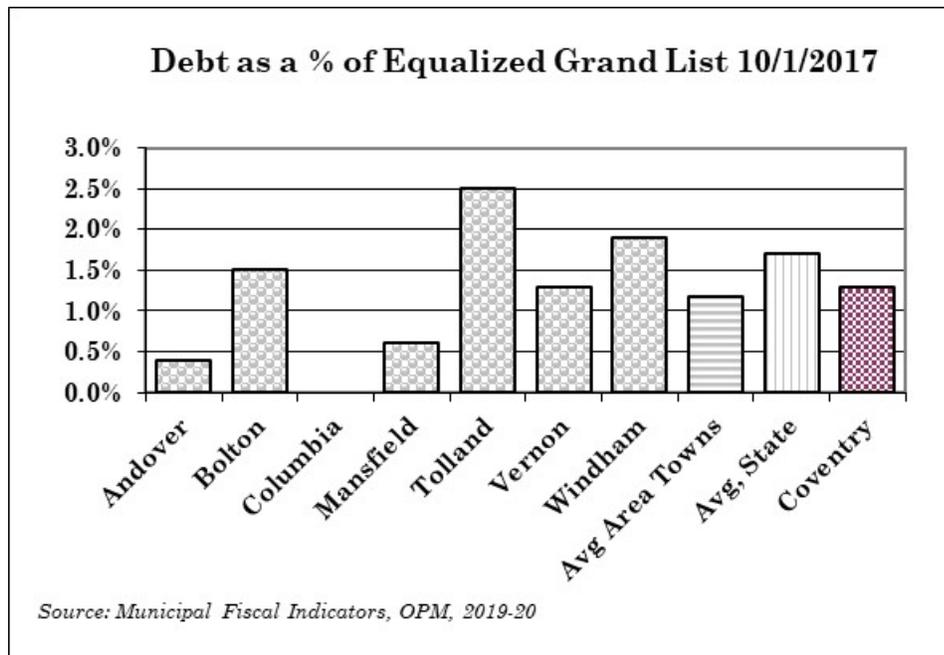

Outstanding and new lease purchases are included in this budget category since the IRS views them as debt payments. The budget proposal includes the purchase of a large dump truck (7-year lease for \$36,620 annually).

Debt service continues to reduce as the debt incurred to pay for school remodeling and expansion begins to decline. In fiscal year 2019-20 the town ranked 94 out of 169 municipalities when comparing annual debt per capita. Annual debt service per capita amounts are shown on the chart below.

The following chart shows the comparison of long-term debt as a percentage of Grand List for Coventry, area towns and the State average.
