Town of Coventry Building Department

Re: Proposed Addition to 39 Spring Trail

To whom it may concern,

I am writing as a resident of Coventry to express my full support for my neighbor, Kathryn, and her request to construct an addition to her home located at 39 Spring Trail. I understand that the purpose of the addition is to allow for the installation of a second bathroom.

I believe this addition will enhance the livability of her home without negatively impacting the character or value of our neighborhood. From my perspective, the proposed work poses no disruption to neighboring properties and is a positive step for her and her family's comfort and well-being.

Kathryn has always been a thoughtful and respectful member of our community, and I have no doubt she will approach this addition with the same care and consideration. I respectfully urge the building department to consider her request favorably.

Please don't hesitate to contact me with any questions or concerns.

Thank you for your time and attention.

Sincerely,

Allison Battersby
